BESSEMER WOMAN  
SELECTED AS HEAD  
OF ALABAMA U.D.C.  
AT ANNUAL SESSION

Mrs. E. L. Huey is President of  
State Branch of United  
Daughters

MISS DANCEY IS ELECTED  
SECOND VICE-PRESIDENT

Mrs. Huey Will Succeed Mrs. J.  
H. Crenshaw, of Mont-  
gomery

(Montgomery Bureau Albany-  
Decatur Daily)

MONTGOMERY, ALA., May 7.—

Mrs. E. L. Huey, of Bessemer, was  
elected president of the Alabama  
division of the United Daughters of  
the Confederacy after balloting which  
continued during a greater part of  
the closing session of the division here  
Friday. Three candidates were  
placed before the convention, Mrs.  
Huey, Mrs. J. W. Palmer, of Mont-  
gomery, and Mrs. W. S. Pugh, of Mobile,  
and it was not until almost time for  
the ending of the session that a selection  
was made. Mrs. Huey succeeded  
Mrs. J. H. Crenshaw, of Montgomery,  
who has been head of the organization  
during the past two years.

Mrs. Charles S. McDowell, of Eu-  
faula, was named first vice-president  
for the next year and the following  
officers were named for the ensuing  
term: Miss Mary Lou Dancey, Decatur,  
second vice-president; Mrs. Gus-  
tave Mertins, Montgomery, record-  
ing secretary; Mrs. W. H. Samford,  
Montgomery, corresponding secretary;  
Mrs. Julius Jaffe, Birmingham, treas-  
urer; Miss Allie Carner, Ozark, his-  
torian; Mrs. C. W. McMahon, Living-  
ston, registrar.

The division has been in annual  
convention here three days and one  
hundred and sixty-three delegates from  
other organizations have been in at-  
tendance as the guests of the Mont-  
gomery chapters.

Zinc Still.  
Another zinc still came into the  
hands of state constables in Cleburne  
county during the week, according to  
a report received by the head office  
of the constabulary today. This makes  
about a half dozen stills of this metal  
which have been found in that section  
in recent days. The still had a capacity  
of about sixty gallons and had been in  
full operation and had out moonshine  
liquor of uncertain quality for some-  
time.

About seventy-five gallons of mash  
was destroyed, but no one was found  
near the still and no arrest was made.

Strawberries Grown.

Reports of the federal government  
made public today show that the  
strawberry industry has become an  
important money crop in various sec-  
tions of Alabama. This report showed  
that up to this time 235 cars of  
strawberries have been carried to  
market this season compared with 147  
cars during all of last season.

The same report also showed that  
total shipments of cabbage from Ala-  
bama this year have been 772 cars  
compared with 269 cars during all of  
last season and that 447 cars of sweet  
potatoes have gone from the state this  
season compared with 401 cars during  
all of last season. Prices of straw-  
berries have been about the same as  
other years, but the other crops have  
not brought in as much revenue due  
to the general decrease in truck.

Ship Christened.

Governor and Mrs. Thomas E. Kil-  
by and other citizens of Montgomery  
left Friday at midnight for Mobile as  
members of the official party which  
will christen the "Annisson City," the  
new ocean-going freighter launched  
at the yards of the Chickasaw Ship-  
building Company Saturday. The  
Montgomery party was joined here by  
several citizens of Anniston who went  
to Mobile with them.

Governor Kilby will return to Mont-  
gomery Sunday. Those composing the  
Montgomery party in addition to Gov-  
ernor and Mrs. Kilby are: Judge and  
Mrs. T. C. McClellan, Mr. and Mrs.  
Henry T. Bartlett, Mr. and Mrs. H. T.  
Mourning, Mr. and Mrs. William C.  
Cates, General Robert F. Ligon and  
W. A. Darden.

The Anniston City has been given  
its name in honor of the governor's  
home city and is in line with the  
Chickasaw Shipbuilding Company's  
policy of naming its large boats for

ANNIVERSARY  
OF LUSITANIA  
HORROR TODAY

(International News Service)  
NEW YORK, May 7.—Today is  
the sixth anniversary of the war's  
greatest horror—the sinking of  
the Lusitania. The great liner  
was torpedoed off the Irish coast  
by the German submarine U-39  
on the afternoon of May 7, 1915,  
with the loss of 1,154 lives 114 of  
them Americans.

LOCALS TO MEET  
SPENCER CLUB IN  
MONDAY MATINEE

Local baseball fans will be given an  
opportunity to see the Albany-Decatur  
team play the first game Monday  
afternoon at 4 o'clock, at which time  
they will meet the Spencer Class of  
the city league. It is expected that  
a large crowd will come out to watch  
the game, as a great deal of interest  
has been manifested in the practice  
games so far.

Games have been secured for two  
days next week on the local lot and  
Manager McDuff announced today  
that he had been trying to get a game  
here with the Huntsville Night Hawks  
Club for next Tuesday.

The players who have reported are  
getting two workouts each day and  
the fans who have been watching the  
team practice, say that they are the  
likeliest bunch of baseball players ever  
seen here. Seventeen players have  
reported thus far, and there are three  
more to report; they will probably be  
in time to participate in the game  
on Tuesday.

It is planned to have the biggest  
baseball day in the history of the Twin  
Cities when the locals open the season  
with the Columbia team here on Mon-  
day, May 16th. Columbia is putting  
out a strong team, and Manager Mc-  
Duff is planning to get the jump on  
them from the start, by winning the  
series.

Among the players already here  
are: Creel, first baseman; Craddock  
shortstop; McDuff, second baseman;  
Lindsey of Birmingham, Laudemann  
of Georgia, Lewis of Chattanooga, Car-  
ter of Anniston, Haley of Georgia,  
Watson of Huntsville, for other berths;  
Griffin, F. Barnes, Gibson and Stead-  
man, catchers; Harrison, Ware, Eth-  
eridge, Russell, Shelton and Mosey,  
pitchers.

FIGURES ARE GIVEN  
ON MISSION MONEY

Rev. W. P. Wilks, pastor of the Cen-  
tral Baptist church and member of the  
Baptist foreign mission board  
from Alabama, today received the fol-  
lowing telegram from the board's  
headquarters at Richmond, giving the  
figures on receipts and expenditures:  
"Total gross received from Alabama  
\$134,437.49; net receipts \$136,092.14;  
total gross receipts from all sources,  
\$2,840,149.18; total net receipts, \$2-  
788,417.39."

Dr. Powell Ends  
Tri-State Tour

Dr. W. D. Powell, who has returned  
home for a short vacation, after ex-  
tensive Gospel labors in Georgia, Ala-  
bama and Kentucky. He stated that  
the last named state was the only one  
of the three that was even to date  
with its pledge to the Baptist \$75,000.  
He said Kentucky had paid about a million  
and a half; Georgia near that amount  
with Alabama third  
on the list. Doctor Powell explained  
that because many were behind with  
their pledges, there was no sign, that  
the full \$75,000 would not be paid in  
full. He said that his people had  
five years to pay it in and that in no  
instance had a single individual re-  
pudiated his debt.

Settlement of Marine Strike  
Seems to be Appreciably  
Nearer Saturday

EXTRA COMPENSATION IS  
ONLY CONTESTED POINT

Men Will Reply Monday to Prop-  
osition of Admiral  
Benson

(International News Service)  
WASHINGTON, May 7.—Settle-  
ment between the striking marine  
workers and the United States ship-  
ping board is nearer today, it de-  
veloped.

Admiral Benson, of the shipping  
board and the marine representatives  
have agreed on seven of eight points  
presented as a basis for settlement.

The one point over which the hitch  
of yesterday's conference came is the  
question of extra compensation to  
make up to the men a cut in wages.

Admiral Benson, it is understood,  
has proposed a commission consisting  
of himself, Secretary of Labor Davis  
and William S. Brown, head of the  
marine engineers union, to determine  
the method for providing this extra  
compensation so that it will work for  
benefit of the men and at the same  
time operate to increase efficiency  
and economy.

The men will make reply to this  
proposition Monday and according to  
present indications will accept it.

IMPORTANT POINT  
IS WON FOR BABY  
IN STILLMAN CASE

NEW YORK, May 7.—An impor-  
tant point has been won for Baby  
Stillman, the silent principal in the Still-  
man divorce case by a ruling of Re-  
verend Daniel J. Gleason that neither  
the testimony of Dr. Hugh Russell, of  
Buffalo, nor the disputed "Dear  
Honey" letters, alleged to have been  
written by Fred Beauvais the cor-  
respondent, shall be admitted into the  
evidence so far as the controversy  
over the paternity of the both is con-  
cerned, it was learned today.

Mrs. Fifi Potter Stillman made the  
angry accusation today that an at-  
tempt had been made to "frame up"  
the case. Counsel for Mrs. Stillman  
declared they had learned one woman,  
who is expected to testify for the for-  
mer banker, formerly had close rela-  
tions with a band of men and women  
who were suspected of blackmailing  
wealthy men and women at Atlantic  
City.

Relief Work is  
Going Forward

According to H. O. Cline, who has  
been in charge of distributing provi-  
sions to the needy in this section, and  
in the Birmingham district, yesterday  
and today, twenty-four local fam-  
ilies were served yesterday, and the  
car of provisions provided for the  
miners was sent forward last night.  
Mr. Cline said that H. K. Latsch, had  
gone to Birmingham, to look after  
the distribution of the car load of corn  
meal.

The provisions are being stored in  
Carmen's hall, where they are held  
until requisitioned through the prop-  
er committees. Mr. Cline stated that  
a full accounting would be made to  
the public, as to just how every dol-  
lar's worth supplies is being disposed  
of.

EDITOR BEATEN  
BY SENATOR IN  
STREET BRAWL

(International News Service)  
PENSACOLA, FLA., May 7.—  
Managing editor Grover Baldwin,  
of the Pensacola Journal, was  
seriously flogged at an early hour  
this morning by State Senator  
John P. Stokes, who arrived from  
Tallahassee late last night and  
met Baldwin on the street.

Stokes has been working to get  
a relief bill through the legisla-  
ture to secure fees and salary  
amounting to \$15,000 for James  
C. VanPelt, former sheriff of  
Escambia county, and who was  
removed by ex-Governor Catts  
and reinstated by the Florida  
state senate recently.

Commenting on the activity of  
the Senator from Escambia coun-  
ty in this case an editorial para-  
graph in Baldwin's paper is said  
to have caused the Senator to take  
exceptions.

HUSBAND KILLED  
BY IRATE WIFE ON  
PROMINENT CORNER

(International News Service)

NEW ORLEANS, May 7.—Fred-  
erick R. Levee, Los Angeles attorney,  
was shot and killed by his wife,  
a former Cleveland, O., court stenog-  
rapher at St. Charles and Gravier  
streets, one of New Orleans' busiest  
corners, at 10:15 o'clock this morn-  
ing, thousands scurrying to shelter  
when the woman began firing.

Mrs. Levee alleged that her hus-  
band deserted her for a cabaret sing-  
er he met in Manila. She says that  
she married him in Cleveland and  
spent \$22,000 on his education and  
that he ran away with the other wom-  
an.

She met him this morning and  
fired a shot that went through Levee's  
heart after the two had words as to  
why the man would not go back to  
Los Angeles to stand trial on a  
charge of perjury. Levee was ar-  
rested here a week ago on the charge  
of perjury and was being held under  
bond waiting word from Los Angeles.

Mrs. Levee is the same woman, who  
during the Democratic national con-  
vention, horsewhipped several women  
she found in her husband's office. It  
was afterwards shown that the wom-  
an from Arkansas had come to see  
Levee's law partner.

Yeggmen Rifle  
Mississippi Bank

(International News Service)

MEMPHIS, Tenn., May 7.—Yegg-  
men who rifled the vault in the Plan-  
ters bank at Como, Miss., 44 miles  
south of Memphis, early this morn-  
ing and escaped with several thou-  
sand dollars in cash and securities are  
being sought here by Memphis police.

Report of the robbery was received,  
together with information that an au-  
tomobile containing several men was  
seen outside of Como, headed for  
Memphis at 3 o'clock.

Mrs. Portwood is  
Called by Death

Mrs. G. W. Portwood, aged 41  
years, died last night at 11 o'clock  
at her residence, 918 Jackson street.  
She is survived by her husband, two  
sons, Preuit and Jessie, Portwood;  
one daughter, Mamie Lee Portwood;  
her parents, Mr. and Mrs. W. T.  
Brown, of Russellville; two brothers,  
J. T. and O. L. Brown, of Russell-  
ville; two sisters, Mrs. G. L. King and  
Mrs. W. T. Hubbard, of Russellville.  
Funeral arrangements have not been

TWIN CITIES CONFERENCE  
WITH ATHENS PEOPLE

Contingent Talks Over Plan for  
Attracting Tourists  
Through Valley

A conference of much importance  
to highway development in North  
Alabama was held in Athens Friday  
afternoon when a delegation of Twin  
City citizens discussed with Athens  
residents the improvement of the "Bee  
Line" route. The conference was  
preliminary to a general conference  
to be held Tuesday at Birmingham  
when it is expected that formal or-  
ganization of an association to push  
the "Bee Line" will be formed.

The Twin City contingent yesterday  
was composed of L. W. Borton, W. A.  
Bibb, D. D. McGehee, J. W. Cloyd  
and J. H. Calvin. The party motored  
to Athens and was in conference with  
C. W. Sarver, secretary of the Athens  
chamber of commerce, and other in-  
terested citizens.

J. W. Cloyd and H. R. Davis have  
been appointed members of a commit-  
tee which will represent Albany and  
Decatur in the Birmingham meeting  
Tuesday.

The Magic City gathering is a re-  
sult of the movement launched by  
Kiwanis clubs and chambers of com-  
merce in communities along the "Bee  
Line" to obtain a larger share of the  
tourists travel for that highway.

The roads are declared to be equal-  
ly as good as the ones along the  
Huntsville-Gadsden route, now more  
favored. The hotels accommodations  
are said to be better, the ferry facili-  
ties much better and the scenic fea-  
tures just as attractive.

MORE TERRITORY  
TAKEN BY POLES

BERLIN, May 7.—Polish rebels  
have invaded Koenigsheuet, Gletwitz  
and Nicolai, three important towns  
in Upper Silesia, and have inflicted  
heavy casualties upon the Italian  
troops who have borne the brunt of  
the fighting on the allied side accord-  
ing to information here today.

The Poles were said to be menacing  
the Oppelin district, the seat of the  
inter-allied control commission. The  
action of Korfanty, the Polish com-  
missioner, in declaring himself pres-  
ident of the free state of Upper Silesia  
has caused much apprehension among  
the allies.

U. S. DECISION  
TO PARTICIPATE  
BRINGS DELIGHTJOHN S. WILLIAMS  
IS DENIED MOTION  
FOR A REHEARING

(International News Service)

ATLANTA, GA., May 7.—John S.  
Williams, Newton and Jasper county  
farmer, convicted in Newton county  
on a charge of murder in connection  
with the death of eleven farm hands  
on his plantation and sentenced to life  
imprisonment today was denied a new  
trial when his motion was heard in  
Decatur, DeKalb county, by Judge  
Hutcherson.

Immediate appeal to the state su-  
preme court from the ruling will be  
taken, it was announced by Greene F.  
Johnston and W. H. Key, attorneys  
for Williams.

Johnston, in his argument, alleged  
26 specific assignments of error.  
These points comprised the bill of  
exceptions on which the case will be  
taken to the higher court and they  
completed the argument.

Judge Hutcherson said briefly that  
the case had been well considered in  
the trial court and that the motion  
would be overruled.

It was announced that the trial of  
Clyde Manning, negro farm boss,  
whose confession resulted in Williams' arrest,  
will start at Covington where  
Williams was tried, on May 30.

DIRECTOR ARRIVES  
FOR "KATCHA-KOO"

Rehearsals for Katcha-Koo, that  
splendid Oriental-American musical to  
be given under the auspices of the  
Morgan County Post American Leg-  
ion, May 26th and 27th, will begin  
at 3:30 Monday afternoon in the annex  
of the Lyons Hotel. The following  
groups will be formed at this re-  
hearsal: Yankee-Dixies, English  
Jackies, Italians, Chinese, Dutch,  
French, Belgians. On Monday even-  
ing at 7:30 p. m. at the Masonic  
Theatre the director will  
meet with those who are in the chorus  
and the principals. The chorus com-  
prises Oriental Ladies, Priests, and  
Slaves.

Miss Grace Wandel, professional di-  
rector, who represents the John B.  
Rogers Company, has arrived in the  
Twin Cities and will have charge of  
the rehearsals.

Laundry Wagon  
Robbed of \$3,000

(International News Service)  
MEMPHIS, Tenn., May 7.—Loeb's  
laundry was robbed of a \$3,000 pay-  
roll this morning by highwaymen who  
held up a laundry truck in which the  
office manager was bringing the  
money to the laundry office.

The hold up occurred at Fourth  
street and Madison avenue, half a  
block from the laundry office. The  
highwaymen crawled into the truck  
and forced the driver to drive to  
North Memphis, where they ordered  
the laundry employees to get out of  
the truck. The bandits then drove  
away with the truck. The robbery  
was pulled off shortly after ten  
o'clock while Madison avenue was  
crowded with traffic.

BIRTH

(International News Service Staff  
Correspondent)

LONDON, May 7.—The news from  
Washington that the United States  
will reenter the council of the allies  
and will participate actively in the  
future meetings of the Supreme council,  
the reparations commission and the  
council of ambassadors was re-  
ceived with deep satisfaction here to-  
day.

It was pointed out that this action  
by America will exert tremendous in-  
fluence upon Germany and will go far  
toward compelling Germany to accept  
the allied indemnity terms. All of  
the allied powers and associated powers  
are now in accord and are present-  
ing a solid front to Germany.

The action in Washington makes  
certain that the United States will  
be represented when the Supreme  
council meets in a few weeks to take  
up the Yap island controversy.

America's notification that she  
will resume participation in allied de-  
liberations was received this morn-  
ing.

Col. George Harvey, the American  
ambassador to Great Britain, will be  
the American representative in the  
supreme council. America's unofficial  
observers in the council of am-  
bassadors will be the American am-  
bassador to France, Roland W. Boy-  
den, an American economic expert,  
will act as the unofficial American ob-  
server in the reparations commission.

STILL NO CABINET

(International News Service)  
BERLIN, May 7.—Germany was  
still without a cabinet today with  
four days remaining in which she must  
accept or reject the allied indemnity  
ultimatum.

Herr Mayer Kaufbeuren, Ger-  
man ambassador to France, who was  
moned to Berlin by President  
was expected to arrive today. It  
reliably learned that both the cham-  
berlain and the post of grand mar-  
shal would be offered to the ambas-  
dor.

Mayer-Kaufbeuren is a mem-  
ber of the Centrum party.

**THE HIGHEST COURT STICKS TO THE LETTER OF THE LAW**  
As matters stand, since the vote of five to four of the United States supreme court in the famous Newberry case, only dishonesty in a primary election will cause the federal authorities to interfere. The highest court makes a distinction between "primary" elections and "regular" elections. And it did this in the face of the fact that the Congress is given the authority under the constitution to regulate the election of its membership. Under present conditions, many if not most of the members of Congress are virtually elected by the federal authorities to inter-lar elections being mere formalities. The court does not deny the right of Congress to "regulate" regular elections, but in the Newberry case it did deny such regulation over the primary elections. The American people are interested in the substance of things not in formalities, legalisms, and technicalities.  
If the federal government has power to seek by law to enforce honesty in an election, it would seem that it can go just as far in enforcing honesty in party primaries. If it is improper to spend large sums in primary elections. Until some other means is devised to control expenditures in primary elections, the owners of money are free to spend as much on their political aspirations as they desire. In the mean time Newberry, who was condemned in unmeasured terms by the press throughout the country, for his conduct in his contest against Henry Ford for the Senate, and who was later actually found guilty under the law and who was expected by all means to resign from the Senate, goes scot free retains his seat in the senate and in addition has been furnished with a doubtful coat of white wash. The Michigan senator doubtless considers, despite the fact that honest patriotic men will hardly change their decision concerning him, that the whole burden of guilt has been lifted from him by the Supreme Judges and that his character resembles the lily as to color and purity. He will feel that he drove an honest if expensive bargain for his seat in the Senate, and that he is entitled to hold it as long as possible.  
The highest court has removed the shadow of the penitentiary. That was all Newberry saw. It will never occur to him to question his own honesty—and he will never even see the impropriety of his conduct. The supreme court once declared the income tax unconstitutional, but the American people found a way to collect income taxes. Although our highest court refuses to interfere as to the amount of money spent in a party primary, the American people will find a way to limit such expenditures.  
**SNAKES AS PETS**  
We have become so accustomed to the organization of unique societies, the Reptile Study Society, which seems to have for its purpose the promotion of greater affection between men and snakes, that we hardly do more than momentarily catch our breath and are able to continue our association with a greater degree of calm than we are able to ascertain a grain of truthfulness in the assertions of Allen S. Williams, director of the organization, who declares that snakes are more dangerous vermin than any other creatures. A few snakes are capable of doing much harm, the timber rattlesnake and the copperhead being the two members of the family which give credit for possessing dangerous qualities. It is not surprising to find pleasure in the company of members of wild life which have been tamed by their wildness through human contact with the snake.

The child is pressed down and unable to breathe. They are saved by those who, under the circumstances, would have been able to drop to some extent the rate of a thousand, instead of a few hundred, to go.  
The difficulty of keeping the child healthy. It is time for the community to take measures. How many children can be saved who have not already been taken care of by the Children's Bureau at the state of books and pamphlets. The child should order the ones that are intelligible. And she should be able to pass an examination. When once she knows the child, indulgent relatives and friends notwithstanding, have been knocking at the door a long

The Educational Exchange, published at Birmingham, presents figures taken from a recent bulletin of the National Bureau of Education, giving the comparative cost of maintenance of state departments of education in several states. Alabama costs are the highest of 18 states for which figures are given, including not only Georgia, Florida, Arkansas and Mississippi, in the south, but such noted progressive states in educational matters as Kansas, Michigan, Iowa, Nebraska and Indiana. The cost in Alabama is given as \$83,010, the next highest being North Carolina with \$69,140, then Louisiana with \$67,700, while Iowa only shows a cost of \$44,420, Indiana \$41,900, Florida \$38,800, Nebraska \$33,500, and Kansas \$27,350. The Exchange observes: "In these times when schools are cut short on 100 days and low salaries prevail even for these short terms it would seem that we may be setting up a rather top-heavy, bureaucratic system."—Fairhope Courier.

### A TRAIN OF THOUGHTS FOR SABBATH AND OTHER DAYS

By J. E. Blair  
Dr. S. D. Logan, a former pastor of the Westminster Presbyterian church, said once how sorry he was, to see young boys, verging on manhood, begin to shun him. He intimated that the reason they did so was they were choosing the paths of sin. "They who wear paste diamonds, shun the Lapidaries." There is no sadder truth than this. It is sad for those who have purchased "The Pearl of Great Price." It is fatal for those who wear paste diamonds. That terrible truth accounts for why the Savior was a lonely man, and explains why He was acquainted with secret griefs. Every earnest Christian today, if he is intelligent and progressive, is a lonely man. Aye, the misery of separation! The good and God, do not separate from US; it is we that separate ourselves from God and His people! It was Adam and Eve, that left God, He did not leave them. Our poor first parents hid from God, He did not hide from them. God will not drive you into hell, you will just naturally slink away from God. If a child injures his finger, he asks the aid of his earthly parents. But if we injure our souls, we do not seek our Heavenly Father! We do not seek the Great soul Physician, whom we are taught is our Elder Brother! Why is this? It is because those who wear paste diamonds shun the Lapidaries. We love darkness rather than light, because our deeds are evil. It is this kind of reasoning that settles the question of man's impotency to lift himself by his boot straps. We may know that "the carnal mind is enmity against God" without reading it in the Bible. We see and feel it every day. The carnal mind is not subject to spiritual laws. We must, somehow be led to God. Jesus sought us while we were strangers. We have not chosen Him. He has chosen us. If we are possessors of the pearl of great price, Christ has bought it for us. And how our paste diamond souls cause us to shrink away from the good, and from the Savior! How they cause us to shut the door on Him! We shun the Great Judge of the Truth! Every false person hides himself, behind some excuse, behind some apology; behind some lie that deceives no shrewd person. The possessors of the true diamonds of truth, court publicity. They have every thing to gain, and nothing to lose by the light being turned on! Separations will occur between even parents and children, if either choose paste diamonds instead of the "Pearl of Great Price." It is sad for church members to be at outs; but such is sure to be the case, if among the flock some wear diamonds and some paste diamonds. In a word the so called "bad" shun the so called "good." (Of course "good and bad" are relative terms in this world). The "good" hate to see and feel separation worse than the "bad" do.  
It grieves them to be separated in word and deed from the "bunch"; but they have no choice as long as paste diamonds are persisted in by the "bunch." Sin indeed creates a sad state of affairs. The "good" are lonesome and the "bad" are damned! It is not true that God sends people away from His. They go away of their own free will. Those who are turned into the back have been knocking at the door a long

Haberdasher—Right this way, please.  
Patron—I don't want the old-fashioned kind. Have you got the kind with hooks—  
Haberdasher—You mean the kind without the buckles?  
Patron (eagerly)—Yes.  
Haberdasher—Producing a pair of the o. f. kind—You don't care for these?  
Patron—No, the kind I want is just a piece of elastic with a tooth arrangement on each end. That kind hurts my legs.  
Haberdasher—Ah, I think I know what you mean. You mean just a plain strand of rubber, eh?  
Yes.  
Haberdasher—About this long? (holding hands about six inches apart.)  
Patron (still more eagerly)—Yes, that's the kind!  
Haberdasher—With prongs on each end to grip the hose?  
Patron—That's it exactly.  
Haberdasher—Now I'm beginning to understand what you mean.  
Patron (bringing forth purse)—How much are they?  
Haberdasher—I dunno—I don't handle that kind.

**MOTHER GAVE IT**

Virginia Lady Suffered With Aches  
and Pains Until Mother Began  
Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Huggett residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Huggett said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on."

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me."

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped."

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

If suffering with symptoms such as Miss Huggett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years.

**The Story of  
Our States**

By JONATHAN BRACE  
XLIV.—UTAH

THE first white excursion into Utah dates back to 1540 when a party of Spaniards sent out by Coronado succeeded in penetrating to the Colorado river. There is no authentic record of further explorations until over 200 years had elapsed. In 1776 two Franciscan friars, in their attempt to find the shortest way to the Pacific, went from Santa Fe to Utah Lake. The Great Salt Lake, however, was not discovered until 1824, when James Bridges, a trapper, in wandering through this region came upon this huge, inland, salt sea.

But the real history of Utah begins with the rise of Mormon power there. Discouraged by the agitation in Illinois and Missouri, the Mormons decided to emigrate to the great West. In large caravans they traveled across the plains and in 1847 came to Salt Lake City where they settled. Here they flourished, increasing their numbers and by 1852 they reached a total in this vicinity of over 15,000. Meanwhile, in 1848, by the terms of the treaty of peace with Mexico, a huge western tract, of which Utah was a part, was ceded to the United States. As no definite government was arranged for the control of affairs locally for a number of years entirely in the hands of the officers of the Mormon church. They, accordingly, made up a constitution and organized under the name of the State of Deseret. This is a word taken from the Book of Mormon, and signifies, "Industry." Application was made for admission to the Union, but this was refused and the federal government instead organized the Territory of Utah in 1850. The first governor was Brigham Young, the successor of Joseph Smith and president of the Mormon church.

The attempt to do away with polygamy met with little success until in 1890 the Mormon church finally agreed not to countenance it. Meanwhile, growing antagonism between the Mormons and non-Mormons verged nearly on civil war. Finally a general amnesty was declared and after many requests Utah was accepted as the forty-fifth state of the Union in 1896.

**MANY VARIETIES OF SHARK**

Some Sea Monsters More to Be Feared Than Others, but All Ferocious to a Degree.

There are many families and varieties of the shark. Some of these families are smaller, more cowardly and less successful as killers than other families, says the Kansas City Star. They are not especially fierce toward things that are bigger and stronger than they. The dusky sharks and the sand sharks are not believed to be man killers, but they are man eaters when the opportunity arrives.

The largest and fiercest shark is the great white shark. His disposition is to kill and eat, and he is so large and strong and self-confident that he will attack anything that swims, and a man is little more than a minnow or a heron to him. The great white shark inhabits the tropic and subtropic seas. The normal length of the teeth is one inch and they are flat, triangular and saw edge. Many of these sharks have been killed that were 30 feet long.

Bears Favored by Nature. In the woods of India are found many small brown bears that are known as the honey bears, because of their love of honey and their continued search for the hives of wild bees. These bears are fitted by nature to get the honey, two of the upper incisor teeth being missing, and their lips are very extensible.

**ANNOUNCEMENTS**

The Berean club will meet May 18 instead of the regular club date. Hostesses to be announced at a later date.

The Progressive Culture club meeting which was to have been held May 10th has been postponed until the following Tuesday, May 17th when Mrs. L. A. Neill will be hostess.

**BRIDGE PARTY FOR  
HOUSE GUEST.**

Mrs. D. G. Hart an attractive Nashville Matron who is the house guest of her niece, Mrs. H. N. Binford, was honor guest at one of the seasons most elaborate bridge parties, when her hostess with Mrs. J. H. Donnell and Mrs. Marcia Bullard complimented her.

The Binford home on Ferry street carried an unusually artistic decoration in May blossoms, gift flowers, Wicker hanging baskets and stands of crimson rambler were arranged on the spacious veranda. A dainty decoration of white roses and varicolored pansies adorned the music room; white roses and iris in crystal bowls and wall vases constituted the floral decorations in the living room; dainty pink rose buds and peonias lent their added charm to the soft tones of the dining room. The receiving line was formed in the living room and composed of Mrs. Bullard Mrs. Donnell, Mrs. A. S. Blackwell, Mrs. Gus Blackwell, Mrs. Hart and Mrs. Binford. Twelve linen covered tables were placed for the bridge game in which Mrs. A. S. Blackwell, with the assistance of Mrs. Binford and Mrs. Bullard acted as official score keeper. Score prize, a hand embroidered luncheon set, was awarded Miss Carolee Speake. The hostesses presented Mrs. Hart an elaborately embroidered boudoir set. Favors were candy corsages, under one of which, was cunningly concealed a number entitling the holder, Mrs. P. P. Gilchrist the consolation, hand-made pillow cases.

After the presentation of prizes, Miss Margaret Speake and Miss Lucy Haywood Binford assisted the hostesses in serving lovely refreshments. The hostesses guests were: Mesdames D. G. Hart of Nashville, T. A. Caddell, P. P. Gilchrist, R. H. Wolcott, W. A. Bibb, W. B. Smith of Birmingham, R. G. Cortner, J. W. Jones, T. A. Bowles, H. T. Gill, E. A. Humphrey, J. Echols, O. **KIWANIS CLUB DINNER  
HOSTS FOR VISITING  
PRESS LADIES**

A dinner beautifully planned and carried out in every detail was given last evening by the Kiwanis club at the Lyons Hotel honoring the visiting ladies here attending the Alabama Press Association. The color motif pink and green was featured in the table decorations. The prettily appointed table was centered with a handsome silver basket filled with Dorothy Perkin roses and ferns. Further table decorations were effected in the silver candle sticks, either end of the long table holding lighted pink shaded candles. Hand painted cards marked the places for the following: Mrs. R. B. Vail, and two children of Birmingham, Mrs. J. C. McLenden, of Lurven, Mrs. J. E. Pierce, of Huntsville; Miss Frances Golson, of Wetumpka; Miss Julia Zema Hill, of McCombs, Miss L. A. Neill, Mrs. R. T. Sheppard, Mrs. F. G. Cook, Mrs. J. D. Wyker, Mrs. A. B. Codrington and Miss Marjorie Miller. After an elaborate five course dinner the guests repaired to the parlors of the Lyons and progressive conversation was enjoyed.

**Hospital Notes**

Next Thursday, May 12th, is National Hospital Day, and eight thousand other hospitals are also observing that day as the anniversary of the birth of Florence Nightingale, the pioneer of modern hospital methods. The Benevolent Society hospital will keep open house on that day, visitors will be welcome from 10-12 a. m. and from 2-6 p. m. It is hoped that many people who have never visited the hospital will take this opportunity to do so, and that former patients and friends will also come, and encourage the work of the hospital, and see its needs. When people realize that a hospital is actually an economical asset to their communities, they will heartily enter into its plans.

Hygienic Sleeping Rooms. A sun-bath, at frequent intervals, is effective in keeping the bedding healthy, sweet and wholesome. To this is added, of course, daily airing of the bed-clothes for not less than two hours. Elderdawn quilts, though tempting to the eye of the housewife, are not as hygienic a covering as the more easily washed woolen blankets. As at least a third of our lives is spent in the bedroom it behooves us to see that it is clean, airy and hygienic, otherwise refreshing sleep will be impossible, and health will suffer.

The Parent-Teachers Association of Decatur announce the Liberty Bell's attractive artists in many kinds of music for Tuesday evening, May 10, at 8 o'clock. Come! Decatur School auditorium. 25, 35 and 50 cents. 5-3t

**More Desirable Than Ordinary  
ICE CREAM**

**The Demand for  
Pure Ice Cream**

As the habit of eating Ice Cream grew the time came when it was no longer sufficient to manufacture a product that tasted good and which therefore would find ready sale.

Being a dairy product, Ice Cream requires numerous safeguards during its manufacture to insure a finished product of a high degree of purity.

The SIDEBOTTOM ICE CREAM COMPANY has been a leader in the fight to increase the purity of Ice Cream sold in the city of Nashville and believes it is rendering a great service to the community in securing the rights necessary to enable it to make

The Purest Ice Cream  
Known.

**Here's How the  
Purification Takes Place**

After the material is used in the making of SIDEBOTTOM ICE CREAMS have been safe-guarded by sanitary refrigeration and pasteurization, they enter sterilized freezers in which the ordinary air has been replaced by atmosphere a hundred times purer than air.

This can only be accomplished by using a new perfected process of which the SIDEBOTTOM COMPANY has secured the Nashville rights. Naturally, after this hundred per cent pure atmosphere has been in contact with the Ice Cream during the entire time it is in the freezers, the result is a delicious food—so perfected that scientists are marveling at its purity.

This is the kind of Ice Cream you  
should always eat.

The only place to get this Pure Ice Cream is at our store. We are sole agents for Decatur—The store that handles the best of everything money will buy, Quality, Quantity and Service.

Let us send you a pail of Sidebottom's Delicious Cream for Sunday Dinner, delivered any where, any time.

## COTTON MARKET SLIGHTLY HIGHER

**NEW YORK, May 7.**—The cotton market was steady at the opening today with first prices four to five points higher. Later there were advances which carried July about eight points above the previous close. Spot houses sold near months and bought late deliveries. Wall street was a buyer while Southern wire concern sold. Some trade price fixing in July was reported. Later the selling from the South increased and prices reacted to about yesterday's close.

### BRIDE SCOURGES HER MATE

Girls of Native Tribe of Portuguese West Africa Enjoy Their Last Hours of Freedom.

The marriage market is a recognized institution among the Konyama people of southwestern Africa. They belong to the Bantu race, and the Ovambo tribe, inhabiting a little known district of South Angola, Portuguese West Africa.

The marriage festivities, called Efundura, are divided into three stages, the first taking place in song time, and the last two during the autumn harvest season. The marriageable girls, before the whole tribe and the men select their mates, but wait until the third stage before naming them. After the second stage, in which the dancing by the girls has continued for two days and nights the prospective bride has a dried palm leaf tied around her wrist by her prospective husband. He then holds her on his shoulder, and carries her away about 20 yards. He puts her down, and female attendants give her two sticks with which to whip the man as he runs away. After this incident the brides all return to their kraals, cover themselves with white ashes, and go all over the country. During this trip they do pretty much as they like. They sing and dance and extort gifts from any men who have courted them. They also pounce on any man who salls them, and unite in beating him with clubs.

**Gave Them What They Asked For.** Demons seeking ministers for their churches often applied to Mr. Spurgeon, famous English pulpit orator. One asked him to send a student who could "fill the chapel," and got an answer saying that Mr. Spurgeon had not one big enough, but he thought he could send one who might fill the pulpit. A reply came that that was really what they wanted, and a minister was accordingly sent. It was Mr. Whale.

The following musical numbers will be rendered:

Morning Anthem—"I long to hear my Mother's Song," Solo, Mrs. Roan—"Mother Machree."

Evening anthem—"Just a vision of Mother," Solo, Gilbert Crane—"Only one Mother." Welcome with us.

**CHURCH OF GOD**  
6th Avenue and Fourth street South. L. E. Hall, Pastor. Sunday School 9:45.

Preaching 11 a. m. and 7:45 p. m. Every body is invited to come and worship with us and the church is urged to be present for the morning service.

Mother's Day service will be observed at Ninth Street Methodist church at 11 o'clock Sunday. The evening service will be in charge of the Epworth League.

REV. J. W. CURL

**SOUTHSIDE BAPTIST**  
G. C. Walker, Pastor. Services at all the usual hours. Morning subject: "The Soul's Desires." Evening Subject: "The Triumph of Jesus."

Let every member of the Sunday School remember the contest.

**CENTRAL BAPTIST CHURCH**  
11:00 a. m. "Thy Mother." 7:30 p. m. "The Ox Driver." Special Mother's Day music and the old songs our mothers used to sing. Honor yours by going to Sunday school and church services.

**CHRISTAIN SCIENCE**  
Morgan County Bank Building room 3 subject, "Adam and Fallen Man." Services at 11 a. m.

## FEMINISTS ARISE IN PERSIA

Insist That Veils Are No Longer Required and That Women Are Independent Thinkers.

That feminine fashions will not be coerced by law, even though prison sentences be inflicted, was the opinion of Prof. Jenabe Fazel of the Queen's university of Teheran, who addressed members of the California club recently on the feminine movement in Persia.

While some American and English women were being imprisoned for asking for the suffrage, their progressive sisters in Persia were filling the prisons because they insisted on leaving off the veil. The unveiled became such a majority that the jails in Persia were overcrowded and in despair the government acquiesced. That women may appear on the streets of Persia without the veil imposed by the state religion is regarded over there as a great triumph in the emancipation of womanhood.

Professor Fazel, who holds the chair of philosophy in the only university for women in Persia, spoke in musical Persian, his sentences being interpreted as he went along by Mirza Ahmad Sohrab, former secretary of the Persian legation at Washington, and likewise a believer in the emancipation of the women of the Orient. Both are followers of the Bahai philosophy, through the teachings of which the Persian women attained what independence of thought and action they enjoy today.

According to the Persian savant, it is the destiny of women to become members of the congresses and parliaments of all countries of the world.—San Francisco Chronicle.

### ROME HOME OF GLUTTONS

Table of Ancient Emperor Vitellius Said to Have Cost Him \$1,500 Every Day.

Very little is known of the food of the ancient Egyptians, authorities say, after explaining that the dwellers in the Nile valley were so fond of their cabbage that they deified it.

The Romans raised a great hurroo about the art of the Athenian cooks; they captured, history records. But the delicate aroma of the Grecian pot was never meant to satisfy the thick Roman palate. Rome, in its pursuit of physical pleasure, discarded its cabbage and sought for rare and delicate viands. Pollio, it is said, fed the flesh of human slaves to his fowls to invest their meat with a new flavor. Emperor Vitellius' daily market expense was \$15,000. At one banquet he dispensed 2,000 kinds of rare fish and 7,000 bird species. His table cost him \$20,000,000 for one four-month period. To arouse their jaded appetites, it is written, the Romans ate brains of humming birds, tongues of nightingales and roes of the rarest fish.

Testamentary to the skill of the Grecian cook is the story of the fish which was so much of a sport and artist that he smiled in admiration in the face of the chef who was trying him so deftly and with such flavor.

### Strive to Excel.

You are not true to yourself when you are satisfied with doing what others have done. You may by nature be fitted for very much greater work than your neighbors. You may also be short on some points wherein they are strong. In either case it would not be fair to measure yourself by them. There are certain things you can surpass in. In these you should greatly excel if you attain your possibilities. So measure yourself in the light of your ability and the opportunities offered by the problem. Then put yourself to the task of hitting off 100 per cent efficiency in every attempt. Of course you will find it hard. If it were not, every lad in the community would be doing what you are trying to do. So look for results and see that you get them.—Exchange.

### Tractors in Arctic.

Tractors are crawling over the snowfields of northern Greenland with supplies of the Lange Koch polar expedition. At last the dog team of the Eskimo has a partial substitute. With their adaptable enterpillar tread, the tractors, like the army tanks, are able to negotiate sharp grades and even wallow over obstacles, along their trackless course. Not that the picturesque dog is to be altogether displaced. For heavy transportation the tractor is useful, but when it comes to the trails the dog teams will still be an essential of the rural delivery service in the land of the igloo.

### Novel "Touring Cars."

Tours of the battlefields of France are now made by means of "road pullmans" which are very commodious trailers hitched onto the rear of a powerful touring car, and in this the traveler eats and sleeps. A party of six persons can be accommodated easily on one of these cars, and if they are willing to crowd in, a few more may be taken along.

### Training Mine Rescuers.

The United States government maintains blue railroad cars traveling among the miners of the country, teaching them first aid, mine rescue and other things which are likely to be of special interest to them. In addition to this there are trains maintained to rush to the aid of miners who may be injured or trapped in mines.

## NEWS OF HARTSELLE

The pretty days have put new life into all lines of endeavor, and the downhearted have taken another hold on the grip of life and will put forth all the effort in their being. To emerge from a cold spell that was out of season into the sunlight of warmth and happiness, calls forth for praise from God's creatures, and makes one look up to a higher source.

When we look all around us and see the budding plants, the splendid

foliage of the trees, the humming of the bees, the cheering notes of the song bird, the mellow perfume of field and woodland, we are awed that we live in such a beautiful world, and become impressed with the duties and obligations that confront us.

A summer school, for those who desire to make up deficient subjects or grades, or prepare for July examinations, will be conducted by Prof. E. L. Hays and G. G. Glover.

Dr. Geo. Lang who will deliver the commencement sermon at the Methodist church next Sunday morning, will occupy the pulpit at the Presbyterian church at night. A great treat is in store for those who attend.

Much interest is being manifested in the commencement sermon that will be preached at the Methodist church next Sunday morning by Dr. Geo. Lang. A feature of the service will be the M. C. H. S. various cities of Alabama.

Mother's Day will be observed in Montgomery Sunday with an open air meeting on the lawn of the capitol and an invitation has been tendered to every man of Montgomery to be present. The service was arranged by the Big Brothers' Bible class of the First Presbyterian church and addresses will be delivered by several citizens.

This class has become one of the most important religious factors of Montgomery in recent weeks. It was started less than three months ago with Judge Leon McCord, senior judge

held each month.

Mr. and Mrs. L. G. Morris, of Birmingham, were here this week visiting relatives.

Cecil Hartselle, the blind musician, who has made quite a reputation as a composer and player of the violin and piano, has returned home after teaching a most successful music school at Ryan Cross Roads.

Mrs. E. L. Renick is back from a visit to Birmingham and Jacksonville.

of the fifteenth judicial circuit and former state railroad commissioner, as teacher. It has continued to grow until it has the record of having an attendance of more than one thousand.

A few weeks ago Judge McCord was sent to Marengo county to hold court, but he rode two hundred miles to Montgomery and back to Marango in order that he might be present at the meeting of the class on Sunday morning.

Dothan Terminus  
Dothan will be made the northern terminus of the Alabama, Florida and Gulf railroad if the interstate commerce commission grants the petition for a certificate of convenience and necessity which will permit the extension of the line. Notice of the application has been received by the public service commission of Alabama. It is proposed to build a line from Wilson to Dothan in Houston county and from Greenwood to Marianna in Jackson county, Florida, a distance of ten or more miles. This plan will extend the line from Dothan to Marianna.

Three Sentenced  
Three moonshiners of Crenshaw county, Bob Sexton, Bud Marlow and Tom McCartha, who had been convicted in the federal court, were given two years, eleven months and twenty-nine days in the federal prison at Atlanta by Judge Henry D. Clayton today. This lacks only one day of being the maximum sentence and is one of the longest terms ever given to a moonshiner in the federal court here.

In sentencing the men, Judge Clayton gave them a lecture in which he said he could not trust them and believed if they should be given time to

arrange their affairs they might intimate witnesses.

Judge Clayton referred to the killing of a man named Welsh in Crenshaw county recently and the charge that moonshiners had murdered him because of his reports to officers of their activities. He said Welsh would probably be alive today had not a moonshine still been in operation in that section in violation of the law.

Joe Moses, convicted of violating the anti-narcotics law, was given one year and one day in prison.

Doster Elected  
J. P. Doster of Florida was elected state consul of the Modern Woodman of America at the closing convention of the state camp, succeeding R. H. Wright of Tuscaloosa. Florence was selected as the next meeting place after Dothan had withdrawn when it had tied with the north Alabama city.

Three delegates who will represent the state at the meeting of the head camp at St. Louis next month are H. M. Abercrombie of Birmingham, R. L. Wright, of Tuscaloosa and F. L. Maynie of Montgomery. Alternate delegates are J. H. Crawford of Dothan, W. E. Pate of Hartford and T. H. Myrick of Huntsville.

Other officers who will serve the state camp with President Doster during the year are: W. L. Lasenby, Forest Home, state clerk; W. B. Hall, Danapolis, state banker; T. H. Myrick, Huntsville, advisor; E. W. Duke, Prattville, watchman, and W. E. Pate, Hartford chaplain.

NEW YORK, May 7.—Baltic, Olympic and Adriatic they were christened; and no one broke a bottle of even near champagne over them. "They" means three babies born on the liner Adriatic which carried the other day from Cherbourg. They are the children of three steerage couples; and Captain Hambleton, being appealed to for help in naming them, did his loyal duty to his line of steamers.

The female butcher is the latest New York development of a feminist age. In a shop in the market district girls have taken the place of men behind the counters. "Much better than men," says the owner of the place. "They don't waste as much meat and keep their chop blocks cleaner. I don't see anything radical about it. I lived on a farm when I was a boy and mother could do this work a good deal better than any of these girls."

Poor Frederick O'Brien! He made Tahiti and the South Seas famous with his "White Shadows" and now comes word to New York that he mustn't go back there and he's already on the way. The skipper of a trading schooner down there didn't care at all—not at all—for the picture O'Brien drew of him and has been awarded by a court at Papeete 10,000 francs damages against the author. O'Brien's friends here are trying to reach him, on board his yacht, warning him to avoid the place he made so romantic to his readers.

If there remains in any mind—man's or woman's—a doubt regarding the world-wide influence of the housewife in her one role as a housewife, that doubt would have fled in defeat from the meeting held the other day of the New York Federation of Women's clubs. For instance, one resolution which was sent in for their consideration had to do primarily with the buying of food, but ultimately with the distribution of the world's news throughout the country; of course everyone has been hearing for several years about the serious shortage of newsprint and the difficulties of the newspapers to be going because of that shortage. But the housewife hadn't thought of it as being her fault that such a condition existed. According to the communication received by the club women, however, she has considerable responsibility in the matter. Only 22 per cent of all the paper used in this country, it was pointed out, is used by the newspapers. Of the rest a tremendous amount goes into boxboard for cartons and all sort of containers in which food is sold. The deduction is that because we demand our foods in expensive, dressed-up packages, we have shouldered off the map, the country's supply of paper for the press.

A disheveled teddy bear is occupying place of honor now in the home of five-year-old Ruth Bader, of Brooklyn. Ruth slipped on the fire escape, fell sixty feet to the stone pavement, landed on the teddy bear and walked away unhurt.

"Two Little Girls in Blue", a new

Enlarger musical comedy is one of the productions just opened for the summer season. It is staged by Ned Wayburn, and is one more piece of evidence that no longer does the New York "season" end with the coming of May flowers. Summer sees the same sort of entertainments flourishing as does any other time of year, just as good and almost as many. That's one reason why Manhattan Island is coming to be accepted as one of the summer resorts of the Western Hemisphere.

A New York girl travelling along the coast of South America pretty well stopped traffic down there for awhile; all because of her dog. Sanitary officials at Montevideo insisted that the dog must be killed because of quarantine restrictions due to a prairie Brazil where the steamer had stopped at Rio Janeiro. The officers, however, reckoned without the girl—Miss Muriel Cornelle. She refused to allow the dog to be killed and put such a good fight, including the drawing in of various consuls of various countries that she won. The dog is still alive and still accompanying her on the trip.

Anyone who travels on a two a. m. train from anywhere to anywhere is accustomed to early morning music. Jazz bands going home from a dance never seem too tired to tune up a bit and every once in a while a barber shop quartet gets aboard. But this was different from the music usually heard at such times. It was on the 14:39 into the city from one of Manhattan's suburbs; and an earnest looking youth boarded the train. Carefully selecting a seat, he drew forth a paper backed book, entitled, "Forty lessons for bass or baritone voice." Apparently unmindful of his fellow passengers he opened at the first lesson and in a perfectly clear voice ran through four exercises before his station was reached.

**LINDER COMEDY**  
**SHOWN TODAY.**  
 (Princesses Today.)

Tonight at the Princess Theatre, "Seven Years Bad Luck," the Robertson-Cole super-special comedy with Max Linder, will be shown for the first time. Critics who have seen this picture declare it to be the funniest comedy ever projected on the silver sheet. Max Linder has not worked on the screen for five years during which time he appeared in the serious role of a soldier of the French army and served in the trenches with distinction. You will not realize exactly how much you have missed him until you again laugh with him in "Seven Years Bad Luck."

**Pews Only for the Nobility.**  
So far as is known, pews were first placed in churches for the use of Norman nobles. Ordinary worshippers sat on three-legged stools.

A nice, pleasant purgative that also has a genial stimulating effect in the liver and stomach is one reason why Prickly Ash Bitters is so well liked by men who have used it. They find it a good medicine for the whole family. Price \$1.25 per bottle. Sold by all druggists.—Adv

**Are you waiting for**  
**rents to come down?**

Are you one of the millions who are patiently paying rents that are from 20% to 50% too high?

If you are, do you know the facts?

Do you know that Albany, Ala. is short 300 homes; that experts estimate the United States to be four years behind in building requirements?

The law of supply and demand always fixes prices. So long as there is a home shortage, landlords will demand high rents and tenants will be forced to pay them.

This one way out is to become a home owner yourself. You can build now cheaper than at any time in the past five years, and almost as cheaply, we believe, as at any time in the next five years.

Lumber and building materials have taken a tremendous drop. The complete cessation of building has caught manufacturers with big-stocks which they have been forced to sell almost at cost.

If you buy now you can take advantage of their situation. If you wait, you will buy when everyone else is buying, and you will find the increasing demand forcing prices upward.

In our opinion, right now is a good time to build.

You owe it to yourself to investigate thoroughly. Call and see us, or a letter or phone call will bring us to you at once.
